

RESIDENCE

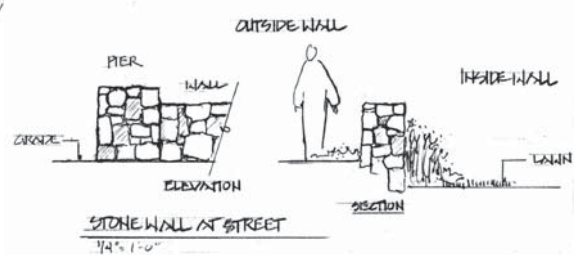

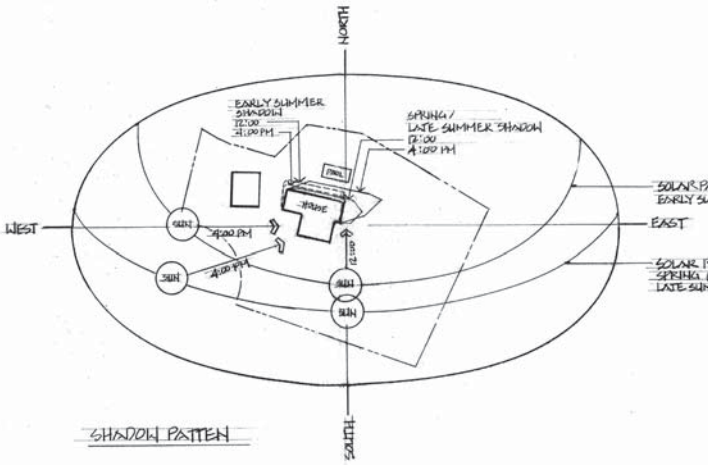

COHASSET, MA

RESIDENTIAL DESIGN

A home and its surrounding yard is unique and is a reflection of the owner's values and commitment to neighborhood. Opportunities and potential for use and enjoyment are often not fully realized and achieved. The owner is usually aware of the potential and value of the land and can visualize how to enhance its worth. MKA Landscape Architects will work with the home owner to develop the level of design services desired, from specialized planting plans for small yards to complex site design and contract documents. Furthermore, our design can be structured to facilitate landscape phasing.

FAMILY RESIDENCE

Nestled amongst the woods, wetlands, and rock outcrops of Cohasset, Massachusetts is the one-time summer home of renowned architect Royal Barry Wills, now a full-time family residence. Working with the rustic character and charm of the site was paramount to the success of the restoration landscape design. The result is a family friendly landscape with a pool, patios, stone entrance piers, walls and decorative gardens.
